UNITED KINGDOM. In, twenty-nine-year-old Edward Snowden shocked Edward Snowden has no new bombshells in this book, but "Permanent Record" is still full of surprises in some ways. Snowden's actions have sparked debates on privacy and What followed was the most spectacular intelligence breach ever, brought about by one extraordinary man. Far from the low-level IT drone depicted in most early press accounts, and even further from the naive double agent trashed by his critics, the narrator of this book is a thoughtful, painfully self-aware intelligence professional who found himself forced to confront and expose the Edward Snowden, the man who risked everything to expose the US government's system of mass surveillance, reveals for the first time the story of his life, including how he helped to build that system and what motivated him to try to bring it down. GERMANY.
