## Description

Evie Granger's life is one crisis away from a complete meltdown. Between single-parenting a sixteen-going-on-forty daughter, managing a mom living her best life way out loud, caring for an ailing father, and keeping the family's struggling coffee shop afloat, Evie hasn't looked after herself in far too long. So naturally her best friend chooses this moment to post a video of Evie describing the ideal man—and sends it stratospherically viral. Now Evie's an overnight social-media sensation, and every eligible (and otherwise) guy in a five-state radius is turning up with his I'm-the-one credentials. But Evie can't bring herself to let any Prince Charming into a life that's barely holding together, a life she doesn't even recognize as hers. So she strikes a bargain with her sexy (if equally overwhelmed) neighbor to convince America she's taken.
