Register For those of you not familiar, this book, which can be acquired for free in PDF form here, is possibly the most comprehensive and efficient method for learning a second language. They achieve this using a combination of illustrations, heavy context clues, and sentence structures that start very simple and get more complex as the book goes on. We are well aware of the immense importance that listening plays in the acquisition of a language. You'll want to familiarize yourself with French IPA, which is what they use under each sentence to give you the correct pronunciation.
