By Charles R. Morris. The Tycoons tells the incredible story of how these four determined men wrenched the economy into the modern age, inventing a nation of full economic participation that could not have been imagined only a few decades earlier. "What we think of as the modern American economy was the creation of four men: Andrew Carnegie, John D. Rockefeller, Jay Gould, and J. P. Morgan. They were the giants of the Gilded Age, a moment of riotous growth that established America as the richest, most inventive, and most productive country on the planet." Charles R. Morris vividly brings these men and their times to life. They were the giants of the "The Tycoons" by Charles R. Morris is an illuminating exploration of the lives and accomplishments of four iconic American tycoons: Andrew Carnegie, John D. Rockefeller, Jay Gould, and J. P. Morgan. In "The Tycoons," Charles R. Morris masterfully chronicles the electrifying era of American enterprise when industrial giants like John D. Rockefeller, Andrew Carnegie, and J. P. Morgan invented the American Super-economy. They were the giants of the Gilded Age, the tycoons behind the period of riotous growth that established America as the richest, most inventive, and most productive country on the planet.
