Illustrator CC More info <https://www.adobe.com/creativecloud/illustrator/learn-more.html> There is a free script available called MultiExporter which can export artboards to PDF, JPG, PNG and EPS. You can download it here: [How to export the artboards to multiple PNG \(though could be TIFF etc\) files.](https://www.adobe.com/creativecloud/illustrator/learn-more.html#how-to-export-artboards-to-multiple-png)
