

I'm not robot

I am not robot!

Extra content Severance: The Lexington Letter does not touch upon the main storyline of the show but does drop some neat tidbits of lore here and there. It was originally made available as a free download through Apple Books. It was originally made available as a free Lumon (Free download as PDF File.pdf) or read online for free. The book carries the same essence as the series and comes from the same team. A desperate woman risks everything to expose the sinister company at the heart of Severance, the thrilling Apple Original series from director and executive producer Ben Stiller and creator Dan Erickson, now streaming on Apple TV+, about a daring experiment in "work-life balance." Severance: The Lexington Letter, or simply The Lexington Letter, is a free companion e-book written by the creators of Severance. Severance: The Lexington Letter: Severance: The Lexington Letter, or simply The Lexington Letter, is a free companion e-book written by the creators of Severance. While the events it describes are not confirmed to be concurrent with the events of the series, it does serve to flesh out the world of A desperate woman risks everything to expose the sinister company at the heart of Severance, the thrilling Apple Original series from director and executive producer Ben Stiller and creator Dan Erickson, now streaming on Apple TV+, about a daring experiment in "work-life balance." From the minds behind the series, this is the story of Lumon. A jaunty walk through the burning ruins of the old world, the one we all live in now, and a guide to avoiding the worst pitfalls along the road to a better world. Severance: The Lexington Letter (Free download as PDF File.pdf, Text File.txt) or read online for free.
