In selecting lines for a repertoire, the author wants to dissect an entire opening, move by move, ending his or her variations only when the game enters tablebase territory. In this book, Cyrus Lakdawala examines the Caro-Kann, which enjoys a richly deserved reputation as one of Black's most reliable defenses. However, the fundamental aim of the Caro-Kann is a reliable opening with a sound positional foundation, but it is also a modern, dynamic weapon which enables Black to take the fight to the opponent. The Caro-Kann has often been maligned for being dry and boring, played by those wishing to bore their opponents to death. However, the fundamental aim of the opening is to achieve full development, particularly of the light-squared bishop, and then begin active play to challenge White's space advantage. Let's examine, point by point, how it compares to both the e5 and d5 volume covers the Caro-Kann, e5 and minor lines. The second volume will complete the repertoire by meeting the Sicilian and French. Densely packed with confusing variations.
