

I'm not robot

I am not robot!

No one has done more to question the hidden actors who govern our lives, calling the powers that be to account. From expanding drone assassination programs to civil war in Syria to underwriting the violence in Israel and Palestine, Noam Chomsky offers insights into the workings of the world. Selama setengah abad terakhir, Noam Chomsky, telah banyak menggugat kekuatan global yang mengendalikan pilihan masyarakat serta meneliti berbagai kebijakan pemerintah. In an incisive, thorough analysis of the current international situation, Noam Chomsky argues that the United States, through its military-first policies and its unstinting devotion to maintaining a world-spanning empire, is both risking catastrophe and wrecking the global commons. But it is not hard to recognize the sharp differences in ability to shape world affairs, and to identify the more prominent and influential actors. Among states, since the end of World War II the United States has been by far the first among unequals, and remains so. In an incisive, thorough analysis of the current international situation, Noam Chomsky argues that the United States, through its military-first policies and its unstinting devotion to maintaining a world-spanning empire, is both risking catastrophe and wrecking the global commons. One answer came during World War I, when prominent intellectuals on all sides lined up enthusiastically in support of their own states. Now, however, we had literally 50% of the world's wealth and controlled both sides of both oceans. Over the last half century, no one has done more to question the great global powers who govern our lives, forensically scrutinizing policies and actions, calling our politicians, In an incisive, thorough analysis of the current international situation, Noam Chomsky argues that the United States, through its military-first policies and its unstinting devotion. Noam Chomsky: philosopher, political writer, fearless activist. The world is too varied, too complex, for that to be possible. In their "Manifesto of the Ninety-Three," leading figures in one of the world's most enlightened states called on the West to "have faith in us! Believe, that we shall carry on this war to In an incisive, thorough analysis of the current international situation, Noam Chomsky examines the way that the United States, despite the rise of Europe and Asia, still largely sets the terms of global discourse. In an incisive, thorough analysis of the current international situation, Noam Chomsky argues that the United States, through its military-first policies and its unstinting devotion to The essential account of geopolitics right now, from one of our greatest living intellectuals including a new afterword on President Donald Trump.
