

I'm not robot

I am not robot!

Then right-click your PDF and choose Open With > Microsoft Edge To do so, locate your PDF in File Explorer (Windows) or Finder (Mac). Start by opening your PDF with Edge. Sometimes a different printer can successfully print a PDF that doesn't print on another printer. If you have a different printer connected to your computer, try printing the file to the other printer. To switch printers on Windows, see [Change the default printer \(Windows 8\)](#) or search Windows help for instructions. PDF file solutions [Download free trials and updates for Adobe products including Creative Cloud, Photoshop, InDesign, Illustrator, Acrobat Pro, and many more](#) If you're only looking to add text, drawings, or highlights to your PDF, use Microsoft's Edge browser to do that.
