With Acrobat online services, you can split PDF files into more than just two parts. In other words, you can split PDFs into exactly as many pieces as you need Adobe Creative Cloud

Choose File > Create > Combine Multiple Files into a single PDF. If the file is already open, then choose Combine Files from the right menu.

Click Add Files or Add Open Files, or drag files into the Add Files window. The Split a PDF tool can lay down up to dividers at once, allowing you to break PDF documents into different parts. Use Adobe Acrobat online services to split a PDF in seconds. Try Acrobat online for free! You can choose a variety of documents at once, such as Microsoft PowerPoint presentations, images, emails, and more. Split PDFs online into two or more unique files.
