Welcome to my walkthrough for 4A Games and Deep Silver's new first person Stealth/Action game Metro: Last Light a direct sequel to the cult classic Metro and the second entry in the franchise to date But rather than stand united, the station-cities of the Metro are locked in a struggle for the ultimate power, a doomsday device from the military vaults of DA civil war is stirring that could wipe humanity from the face of the earth forever Metro: Last Light is a first-person shooter video game developed by 4A Games and published by Deep Silver. The number of Notes in each chapter is represented by the number next to the Chapter name But rather than stand united, the station-cities of the Metro are locked in a struggle for the ultimate power, a doomsday device from the military vaults of DA civil war is stirring eBay Money Back Guarantee · Top Brands · Huge Savings · Low Prices on eBay Polyanka (Russian: Полянка) is an abandoned station of the Moscow Metro south of Polis. Known as "Destiny Station" by the Council of Polis, Polyanka is visited by Artyom, Hunter's group, as well as Khan and Ulman. After a brief philosophical chat with them, Armour is a protective suit worn by Artyom. In Metro: Last Light, the armour system has been considerably reworked. In Metro, it comes in three different variants: default, stealth, and heavy. It is part of the two-part remake Metro Redux. It returns in Metro Exodus, but has once again undergone fundamental changes to make the experience more customisable.
