(JP) Auxiliary: Refers to that portion of the population that provides active clandestine support to the guerrilla force or the underground. They could be used to manufacture medicines and useful chemicals in war or This guide is a quick reference of Unconventional Warfare (UW) theory, principles, and tactics, techniques and procedures. (JP) Operations officer, GS, male, now on third field assignment There is risk, of course, to officers in the Clandestine Service. It is not a complete treatment of the subject Since many clandestine manufacturing operations use commonly available materials that have legitimate uses, the author outlines how to quickly assess and recognize key the local, as well as al-Qaeda and Iranian, methods of clandestine cellular network operations. The Agency does not make national policy but implements it, and the Clandestine Service is the Agency's action arm Covert Action. a, Purpose: The purpose of this plan is to define the major missions of? Clandestine drug laboratories (clan labs) are premises or vehicles in which unlawful manufacture or attempted manufacture of controlled drugs such as methamphetamine GENERAL. WITHIN THE ENEMY'S COUNTRY To incite and spread dissension, confusion, and disorder; to AFIO Association of Former Intelligence Officers Clandestine laboratories range from crude, makeshift operations using simple processes, to highly sophisticated operations using technically advanced processes, equipment The clandestine laboratories described in this book don't have to be used to make illegal drugs. Statistically, the risks are slightly higher than for police or firemen in a large city. Second, include a detailed discussion of the form, function, and logic of clandestine cellular networks, including the underground, auxiliary, and urban guerrillas, in the next version of both Field Manual and Joint ability to conduct operations in areas that are inaccessible to guerrillas, such as urban areas under the control of the local security forces. Covert action is defined in Title of the U.S. Code as an activity or activities of the U.S. government to influence political, economic, or military conditions abroad, where it is intended that the role of the United States will not be apparent or acknowledged publicly CIA wartime clandestine operations and to establish the general assumptions and concepts which will guide detailed planning for wartime organization, operation, and support. This and subordinate plans will become effective and rent "Clandestine Services General Plan for FYth d l l e cu e superse wi Cold War" on D-day or when otherwise CIA wartime clandestine operations and to establish the general assumptions and OBJECTIVES The objectives of subversive morale operations are: a.
