I am not robot!

There are A LOT of questions, many of which are similar. Date _____. A systematic review identified distinct questionnaires for the assessment of gastroesophageal reflux disease (GERD) including the GerdQ. The GerdQ has become a widely used questionnaire to diagnose GERD and quantify reflux symptom frequency and treatment response (Supplementary Table 1) How bad is the heartburn? Heartburn when lying down? Heartburn when standing up? Heartburn after meals? Does heartburn change your diet? Does heartburn If you have heartburn or GERD, or take medications for those conditions, complete the GERD-HRQL (Health Related Quality of Life) questionnaire, print a copy with your GERD Research Questionnaire. Johns Hopkins, the sponsor of our reflux outcomes study, tracks many different things in different ways. We very much appreciate you and your effort! The symptom-based The diagnosis of GERD and its impact on daily life were determined using GERD Questionnaire (GerdQ) score, and all possible factors were analyzed to determine their HRQL-GERD SCORING GUIDE The GERD-HRQL questionnaire was developed and validated to measure changes of typical GERD symptoms such as heartburn and regurgitation in response to surgical or medical treatment. Johns Background: A self-assessment questionnaire, the GERD-Questionnaire (GERD-Q) was used to determine the prevalence of GERD in adolescents, describe the related factors, If you have heartburn or GERD or take medication for these conditions, please complete this question GERD Health Related Quality of Life (HRQL) Questionnaire Total score of topoints = percent likelihood of GERD; topoints = percent likelihood; topoints = percent likelihood The diagnosis of gastro-oesophageal reflux disease (GERD) remains a challenge as both invasive methods and symptom-based strategies have limitations. Total Score: Calculated by summing the individual scores to questions Greatest possible score (worst symptoms) = 1 = Symptoms noticeable but not bothersome = Symptoms noticeable and bothersome but not every day = Symptoms bothersome every day = Symptoms affect daily activity = Symptoms are incapacitating to do daily activities. Thank you in advance for taking the time to answer the following questions. Scale = No Symptoms GERD Research Questionnaire Thank you in advance for taking the time to answer the following questions. There are A LOT of questions, many of which are similar. Please check the box to the right of each question which best describes your experience over the past weeks How bad is my Acid Reflux? Calculate your GERD Score today GERD-HRQL Questionnaire If you have heartburn or GERD, or take medications for those conditions, complete the GERD-HRQL (Health Related Quality of Life) questionnaire, print a copy with your answers and consult with a health care provider.
