Description :

“You have is all you need,” is the life lesson entrepreneur Mignon Fran learned as she turned the 5 she had to feed her family dinner for the week into a multi-million-dollar bakery brand. With no experience and no recipe for success, or cake for that matter, her path was truly made from scratch. In *Made from Scratch: Finding Success Without a Recipe*, Mignon shares her story of climbing out of a life of continuous upsets, struggle, and lack to building a legacy that would bless her and future generations. *Made from Scratch* is one woman’s story of finding her purpose with no blueprint, mapping a journey that led to the joy that has become synonymous with Mignon Fran.
