

I'm not robot

**I am not robot!**

Her arrival triggers a chain of In the year, Jack Harper (Tom Cruise) works as a security repairman on an Earth left empty and devastated after a war with aliens. Jack has two weeks left before his mission ends and he joins his fellow survivors on a faraway colony Oblivion speaks much the same language, and although it was not a huge box-office success, it nonetheless generally manages to juggle the demands of being a Tom Cruise action adventure and a critical piece of speculative sf. Jack Harper is one of the last few drone repairmen stationed on Earth. In short, Oblivion is a polished, overtly precision-engineered production about the danger of precision-engineered products. His existence is brought crashing down when he rescues a beautiful stranger from a downed spacecraft. Part of a massive operation to extract vital resources after ages of war with a terrifying threat known as the Scavs, Jack's mission is nearly complete.
