

I'm not robot

**I am not robot!**

The brighter we are, the blinder to our own limitations we can be. They were smokejumpers: elite wildland firefighters parachuting in to extinguish a forest fire started by lightning the day before. In a world of aggressive certitude, Adam Grant's latest book is a refreshing mandate for humble open-mindedness. The brighter we are, the blinder to our own limitations we can be. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. In a matter of minutes, they would be racing for their lives. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it.

—Brené Brown, Ph.D., 1 New York Times bestselling author of *Dare to Lead*

To have the edge we all need to develop the flexibility to unlearn old beliefs and adapt when the evidence and the world changes before through fascinating stories, informed by cutting-edge research and illustrated with amazing insights from Adam Grant's conversations with people such as Elon Musk, Hilary Clinton's campaign team, top Description: [New York, New York]: Viking. Includes bibliographical references and g: download Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. *Think Again* offers a particularly powerful case for rethinking what we already know that is not just a useful lesson; it is a life lesson. After a bumpy flight, fifteen men dropped from the Montana sky. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces others that the best way is to vaccinate, and a top scientist learns how to communicate his ideas. Discussion of themes and motifs in Adam Grant's *Think Again*. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to question our opinions and open our minds to new ideas. The 1 New York Times bestselling author of *Hidden Potential*, *Originals*, and *Give and Take* examines the critical art of rethinking: learning to question your opinions and open your mind to new ideas.
