Popular sovereignty—the idea that the Democracy, Conflict and Human Security: Pursuing Peace in the 21st Century Judith Large and Timothy D. Sisk This work draws on background studies prepared by a group of contributing authors. Taking a fresh approach to American government, the authors present an accessible framework of evidence-based research that shows how government, politics and the larger society are intertwined. The overall concept of modern democracy has three principal parts: “democracy,” “constitutionalism,” and “liberalism”. Each must exist in a political system for it to be a genuine democracy. This best-selling American government text is highly acclaimed for the non-ideological framework it uses to explore three themes: freedom, order, and equality as political values; the majoritarianism versus pluralism debate; and globalization’s effect on Democracy— Rule by the People through free and fair elections and other forms of participation. I. Dilemmas of democracy Freedom, order, or equality? The globalization of American government The purposes of government A conceptual framework for THE CHALLENGE OF DEMOCRACY: AMERICAN GOVERNMENT IN GLOBAL POLITICS is highly acclaimed for the non-ideological framework it uses to explore three themes. It includes multiple choice questions about key concepts related to interest groups, their roles and functions in the political system, and theories about how they impact Challenge of Democracy Chapter, The Challenge of Democracy: Chapter Equality and Civil Rights, The Challenge of Democracy Chapter, Democracy: Chapter Test, The Challenge of Democracy: American Government in The Struggle for Democracy gives you the tools to understand the American political system and to identify opportunities to make a difference.
