I am not robot!

I'd hate to have to be relying on my standard 2d6 charge with my Raptors all the time. Looking for the latest updates to your codex or battle tome? Seems that way (at least from Goonhammer's Codex review). Each of these FAQs contains all of the most up-to-date errata and answers you'll need to make sure that your games run as smoothly as possible, incorporating feedback from the Warhammer community, the playtesters and of course. Hopefully we get something to assist with Charges in the full Strategem mix. Got a question about how something in your army works?
