The very concept of love, what makes it problematic in psychoanalysis, is dominated by the concept and Paradigms of Jouissance. The very concept of love, what makes it problematic in psychoanalysis, is dominated by the concept and problematic of transference, and it does this in such a way that love seems to be nothing but a displacement, a mistake Jacques-Alain Miller (-) The driving force behind the Cahiers pour l'Analyse from its inception, Jacques-Alain Miller is today the director of the department of psychoanalysis at the Université de Paris-VIII. He is widely recognized as the most prominent Lacanian psychoanalyst in France, as a public intellectual, a practicing analyst analysand fo'analyste'. Key words: elementary phenomenon; delusion; delusion Jacques-Alain Miller. * THE LABYRINTHS OF LOVE. by Jacques-Alain Miller Love in psychoanalysis is called transference. I have posed for myself the problem, in all its generality, of the differential clinic of psychoses, and I thought that to begin with it would be clarifying to oppose a universal clinic of delusion to itI pro-pose to ground the differential clinic of psychoses in a universal clinic of delusion. translated by Jorge Jauregui PARADIGM ONE: THE IMAGINARISATION OF JOUISSANCE. Love in psychoanalysis is called transference. No less. The unconscious is political. I have posed for myself the problem, in all its generality, of the differential clinic of psychoses, and I thought that to begin with it would be clarifying to Jacques-Alain Miller Jacques-Alain Miller Jacques Lacan TELEVISION Microscopia: An Introduction to the xi Reading of Television Prefatory NoteTelevisionI. Jacques-Alain Miller discusses According to the binomial S1-S2, every piece of knowledge is a delusion, and each delusion a piece of knowledge. The first paradigm is the Jacques-Alain Miller.
