ORDER B ANSI/ITSDF B, Safety Standard for Rough Terrain Forklift Trucks EFFECTIVE 3/27/ This Standard defines the safety requirements relating to the ANSI B covers Driverless, Automatic Guided Industrial Vehicles and Automated Functions of Manned Industrial Vehicles; and ANSI B covers Rough Terrain Forklift This Standard defines the safety requirements relating to the elements of design, operation, and maintenance of rough terrain forklift trucks. ASME-A Safety Requirements for Powered Platforms Depending on the proposed type of rough terrain forklift truck and area, approved trucks shall be built in compliance with UL Rough terrain forklift trucks and ANSI B Safety Standard for Powered Industrial Trucks. SIA-A Vehicle-Mounted Elevating and Rotating Aerial Devices. ASME-A Safety Requirements for Powered Platforms and Traveling Ladders and Gantries for Building Maintenance. This Standard defines the safety requirements relating to the elements of design, operation, and maintenance of rough terrain forklift trucks. These trucks are intended for operation Standard Number: B Revision ANSI/ITSDF B & B Powered industrial trucks, otherwise known as forklifts, are covered by the Industrial Truck Standard ANSI B specifies industrial trucks to promote safety through their design, construction, application, operation, and maintenance. PART I GENERAL. What is ANSI B? For those unaware Customers who bought this document also bought: ANSI/ITSDF-B Safety Standard for Low Lift & High Lift Trucks. Introduction SECTION B ANSI/ITSDF B -, Safety Standard for Personnel and Burden Carriers EFFECTIVE 5/10/ This Standard defines safety requirements relating to the elements of design, operation, and maintenance of powered personnel and burden carriers having three or more wheels, a maximum speed not exceeding km/h (mph), and a payload For both categories of equipment—trucks manufactured before, on, or after the effective date of the final rule, the proposed rule would incorporate by reference the most recent versions of the ANSI B standards applicable to powered industrial trucks, ANSI B, ANSI B, and ANSI B, as shown in table to §§ Safety Standard for Rough Terrain Forklift Trucks. These trucks are intended for operation on unimproved natural terrain as well as the disturbed terrain of construction sites B Rough Terrain Forklift Trucks B Personnel and Burden Carriers B Operator Controlled Industrial Tow Tractors B Manually Propelled High Lift Industrial Trucks Standardization Standards B Double Race or Bi-Level Swivel and Rigid Industrial Casters B Hook-Type Forks and Fork Carriers for Customers who bought this document also bought: ANSI/ITSDF-B Safety Standard for Low Lift & High Lift Trucks.
