In the face of nearly a hundred years of bitter controversy, both before and after the creation of the state of Israel, many observers have come to despair that a resolution can be found. The confrontations across Israel-Palestine are well on the way to becoming one of the worst spasms of violence there in recent memory. The struggle between Israel and Hamas goes beyond territorial disputes; it involves a of historical, geopolitical, and humanitarian dimensions. The Israel-Palestine conflict is one of the longest in the world. Placed in historical context, understanding the root cause of the conflict is simple, and in doing so, the solution becomes apparent. Newly revised to take into account the effects of the –Arab uprisings on the conflict and the recognition of Palestine as a “non-member observer state” by the United Nations, the book traces the struggle from the emergence of nationalism among the Jews of Europe and the Arab inhabitants of Ottoman Palestine. In the midst of the Israel-Hamas conflict, a multifaceted narrative emerges, reflecting the complexity of the situation. In this Q&A, Crisis Group experts explain what is behind the explosive events and where they might lead. Newly revised to take into account the effects of the –Arab uprisings on the conflict and the recognition of Palestine as a “non-member observer state” by the United Nations, the book traces the struggle from the emergence of nationalism among the Jews of Europe and the Arab inhabitants of Ottoman Palestine. In the Israeli-Palestinian conflict entered its 75th year, as the state of Israel celebrated its 75th anniversary while This paper begins with introducing the background and nature of the Israeli-Palestinian conflict as an intractable conflict; then describes ways to realize the reconciliation and The Israel-Palestine conflict has led to a protracted humanitarian crisis, characterized by widespread displacement, dispossession, and the plight of refugees. During the late 19th century, a movement known as Zionism arose to students and general readers. The dispute is between two distinct movements: Jewish Zionism and Palestinian nationalism, both parties claiming the same. This research paper investigates that the use of Zionism as a metaphor for colonialism and its role in fostering an ethnic conflict between Israeli and Palestinians. Placed in historical context, understanding the root cause of the conflict is simple, and in doing so, the solution becomes apparent. As the other papers in The Israel-Palestine Crisis: Causes, Consequences, Portents. During the late 19th century, a movement known as students and general readers. Occupation of the Palestinian territories is a threat to the identity, its aspects for the Palestinian-Israeli conflict. Although the two groups have The Israeli-Palestinian conflict is one of the most enduring, and apparently intractable, in all of modern international politics. Since the As we enter, the Israeli-Palestinian context is defined by a series of inter-related phenomena: a continuing loss of Israeli and Palestinian lives; political turbulence (and conflict between Palestinian Arabs and Zionist (now Israeli) Jews is a modern phenomenon, dating to the end of the nineteenth century.
