High-performance CONTI® hydraulic hoses are suitable for the safe transportation of mineral oil, oil and water emulsion-based hydraulic oils as well as SAE R Thermoplastic hose Extremely flexible in cold temperatures. Agriculture. The PCPS is packaged for shop service Industrial Hose Catalog Table of Contents Table of Contents Introduction Continental Industrial Hose Air & Multipurpose General Purpose Heavy Duty Rubber Hose Catalogue. The hose is reinforced with dual-braided, high-tensile steel wire and features an oil and abrasion-resistant synthetic rubber cover to help get the job done Equipment Catalog Crimpers EQUIPMENT. nects O N E S O U R C E, M A N Y S E L E C T I O N are your one source for a wide selection of high-performance hydraulic hose fittings, covering a wide range and industrial service, this hose is designed to stay flexible in cold temperatures and provide superior oil resistance. TRIX Brochure. Industrial Hose and Hydraulics The Prospector™ Hot Oiler hose was specifically designed to initiate the flow of hot oil (°F/°C continuous; °F/°C intermittent) and bring it to the surface Industrial Hose Catalog Table of Contents Table of Contents Introduction Application Warning I n d e x by A l p h a b e t Rubber Hose Catalogue. Agriculture. Regulation (UE) N°/ Technical Information Continental World. The PCPS is a Positive Stop crimper capable of crimping wire braid hose and wire spiral hose up through 1" ID. The crimp diameter is controlled through the use of specific die and spacer combinations. Continental Group; Continental Automotive; Insta-Lock™ coupling hose systems Insta-Lock coupling hose systems are designed with a cam & groove crimped coupling solution, developed to facilitate the use of crimped sleeves on industrial hoses by ContiTech Material Handling, Dredge & Mining Hoses. ° ID 1/4"/2" Fittings, Adapters & Quick Disc. PCPS Series. Continental hoses are frequently used in above-ground and underground mining applications, in offshore technology, in material handling, large-tank units, the ironworks industry, and the building trade Industrial Hose and Hydraulics The Prospector™ Hot Oiler hose was specifically designed to initiate the flow of hot oil (°F/°C continuous; °F/°C intermittent) and bring it to the surface. TRIX Brochure ContiTech's industrial hoses are safe and durable – our special rubber compounds and modern manufacturing processes see to that, as do our long years of experience in Read Continental Industrial Hose Product by Murdock Industrial on Issuu and browse thousands of other publications Search in Continental Industry Contitech catalogs and technical brochures on DirectIndustry and find the information you need in click Standard.
