Ericsson's technical product documentation library provides manuals and descriptions delivered with a product, or collection of products, to support its use throughout the product's life cycle. The milestone was achieved by applying extended-range software to commercial Ericsson hardware – including air 5121 and baseband 6630 – and a 5G CPE device powered by the Snapdragon X55 5G Modem-RF system with the Qualcomm QTM527 mmWave antenna module. – 19 inch wide, 1U high, & 352mm deep. All the information needed to handle our products are included in our manual library. [com/usa-en/product](#). It also has support for 15 CPRI ports. [View and download Ericsson baseband 6648 manual online.](#)
