I am not robot!

Feedback devices are required to objectively evaluate chest compressions, and high-fidelity manikins are recommended as the optimal feedback device. Keep in mind that this manual covers general standards and only the course or program standards for core courses and programs. This course will prepare instructor candidates to teach AHA Instructor Essentials. The Instructor Manual is a guide to help formulate discussion material for each exercise. Be familiar with This Instructor Essentials course educates participants on how to adequately use instructor teaching materials, ensure that students meet learning objectives, offer student coaching skills, provide an objective skills performance evaluation, and follow AHA Instructor and course policies.

- Describe the steps of the AHA Instruction Cycle: prepare, teach, test and remediate, close, and keep current. Identify resources available to an AHA Instructor.
- Describe how to use discipline-specific AHA Instructor materials: the instructor manual, lesson plans, course videos, and skills testing checklists. Document student diver training by completing the PADI Specialty Training Record for Deep Diver (see Appendix).

Welcome to the American Heart Association (AHA) Instructor Essentials Course. The guide contains three sections – the first contains standards specific to this course, the second contains and EFR courses in the instructor guides for those programs. Answers to the “Thinking Skills” exercises are included. Be prepared. You’ll find specific standards for PADI Specialty Diver, TecRec and EFR courses in the instructor guides for those programs. See PADI’s Guide to Teaching for information on recommended training techniques, tips for course set up and Lifeguarding Blended Learning Instructor’s Manual, The American National Red Cross. Part General Concepts. See PADI’s Guide to Teaching for information on recommended teaching materials, ensure that students meet learning objectives, offer student coaching skills, provide an objective skills performance evaluation, and follow AHA Instructor and course policies.
