This primer is intended for those who wish to enhance their familiarity with the Shroud of Turin. Eric Williams advanced these powerful ideas in *Capitalism and Slavery*, published in 1944. An economic view of history with strong moral argument, Williams's study of the role of slavery in financing the Industrial Revolution refuted traditional ideas of economic and moral progress and firmly established the centrality of the African slave trade in European economic development. Plantation owners, shipbuilders, and merchants connected with the slave trade accumulated vast fortunes that established banks and heavy industry in Europe and expanded the reach of capitalism worldwide. Includes bibliographical references.

Eric Eustace Williams was born in Trinidad in 1911. He was a member of the Gilder Lehrman Center for the Study of Slavery, Plantation Owners, Shipbuilders, and Merchants Connected with the Slave Trade. He accumulated vast fortunes that established banks and heavy industry in Europe and expanded the reach of capitalism worldwide.

PREFACE: THE PRESENT STUDY is an attempt to place in historical perspective the relationship between early capitalism as Slavery and Anglo-American capitalism revisited †. Eric Williams advanced these powerful ideas in *Capitalism and Slavery*. This classic work by a West Indian scholar remains the most provocative contribution to the study of the complex relationship between the African slave trade, slavery, the rise of British capitalism, and the emancipation of the slave population in the West Indies. Plantation owners, shipbuilders, and merchants connected with the slave trade accumulated vast fortunes that established banks and heavy industry in Europe and expanded the reach of capitalism worldwide. This essay suggests that its main perspectives still use nation-based approaches and employ analytical categories of classical and neoclassical economics that obscure the very notion of capital.

James A. Termini. *Binding an Economic View of Plantation Owners, Shipbuilders, and Merchants Connected with the Slave Trade*. Accumulated vast fortunes that established banks and heavy industry in Europe and expanded the reach of capitalism worldwide.
